GREATEST OF STRIKES. Marvellous Wealth Unearthed Near

Wickenburg, Arizona. The richest strike in this country or southwest has been made at the the southwest has been made at the sum of \$200 to answer at the next ters of the Cochar & Northwestern ratfield mine, five miles north of term of the district court, which bond railway, were in Bland yesterday look-ling over the route for the new road. Hassayampa, says the Phoenia Repubcontact vein between granite and div-rite. Every carload of ore that comes out of the shaft shows flakes of gold to the naked eye. Anywhere on the dump gold can be picked out by hand. The ore, body, is immensely rich. In shaft or the crosscut gold glitters from the walls like the ligh of minla-ture Aladdin lamps. The richness and extent is very extraordinary. The walls in the crosscut have not been reached yet and there is no teiting how far the body may extend. The mine gives promise of being one of, if not

the greatest, in the west.

The ore is a soft purphyry, strong in iron in crystals, and not a handful of this can be picked up without show-ing the precious metal. The owners have been approached about the sale of the prospect, but they won't talk sale at all. W. E. Defty, with Chicase parties, went up to the property the owners emphatically refuse to entertain any idea of seitig. Gold is everywhere around the shaft

whim and dump. All the gold is coars and can be readily pleased out by hanfacts must be seen to be realized and comprehended. It promises well to be the biggest and richest strike ever yet The owners are already ric gond the wildest dreams of avarious This mine alone will prove to the world that Arizona is a great country Everything in the country seems t sink into insignificance in compariso with it. The mine also has the advan tage of being only about a mile from water and within four miles of a rail

REPORT ACCIDENTS.

The Federal Law on the Subject to Rattroads. Pollowing is the full text of the new

federal has requiring radionals to re It shall be the duty of the genera manager, superintendent or othe officer of every summon earrier engaged in interstate commerce by railroad to make to the interstate commerce commission, at its office in Washin on, District of Columbia, a monthly r port, under oath of all collisions carries, or where any train or part a train accidently leaves the and of all accidents which may occuto its passengers or employes while : acryice of such common carrier an actually on duty, which report shall and the circumstances connectes

2. The Flagstaff Gem says, Railroads are not built because communities de sire them built. They are built for the ole reason that capitalists believe they will pay a large profit on the investment. This being true, it is safe to predict the building of a north and south road through Flagstaff in the near future. A road from here south to Globe, by way of Jerome, and from here northeast to southern Utah, by the way of the Grand Canyon and the coal fields of northern Arizona, is almost an assured fact. The exist-ing facts and constitions warrants cap

A brakeman on a railway in Indiana, having been discharged for disobeying orders and causing a serious wrock ued the company for \$70 claimed to e due as wages; wherefore the company has begun an action against him for damages, avering that the accident occurred through his careless-ness. It is not probable that the company has any expectation of collecting the cost of the wreck from the man to whom it is attributed, but it may be beneficial to the rallway service to have the principle established that employes, as well as corporations, are legally responsible for the effects of their misdeeds. The trial and decison of such a case would be extremely interesting and instructive.

PLAIN AMERICAN. Rosevelt stands holdly for Amerianism pure and simple. Hyphenated Americanism does not suit his ideas. The German-American or the Irish American or any other modified Amer-ican is rebuked in a recent word of his at a hanquet given by the Americans tallsts in investing in this, the grand of German birth in New York. Roosest and best paying railroad enter velt said. "All around this room I see mon of divers creeds, of divers race origin, who meet here to-night imply as citizens of this city and as stizens of this country. We cannot nake this city what it should be, or his country what it should be, until development of our people who per-mits for one moment the existence of any dividing line of class, creed or race among those Americans, whatver their creed or birthplace, who honestly and in good faith strive for the welfare of America."

BRITISH TERMS OF PEACE. The peace terms offered by the British government to General Botha,

eprezenting the "Boer government," and rejected by the latter on March 6, have been made public. At the nterview with General Altchener the liver general inconsted that it was ioubtful whether his people would reid, unless their independence was acknowledged. General Kitchener de clined to discuss this subject, and General Boths then inquired as to the discuss this subject, and terms the British proposed. He asked whether Great Britain would take ever the assets of the Boer government and assume its debts; what was the British program as to the imposition of a war tax on the burghers, and when the Boer prisoners could home. General Kitchener piled that "probably" no war tax would be levied on the farmers, and that they would be aided in the re-building of destroyed and damaged property. The reply of Secretary for the Colonies Chamberlain to General sioths, as reported, is silent as to the mposition of the war tax. The most Hoer prisoners was that they would be returned "gradually," that a repesentative government gradually established; that the debta the Boer administration would not is obstinate. Nothing reseasoned and that "consideration" would be given to the establishment of the Boers on their farm holdings. amnesty to colonial rebels would be The prohibition of the sale of M-

quor in army casteens, cutting off, as it did the supply of funds for the purchase of delicacies that have grown to be necessaries with our soldiers, forced the adoption of a new army ration. This has just been approved by the president. Few changes are made for troops in the United States and not very many for those in Alaska, but for active service in the colonies an entirely new one has been devised including a liberal allowance of

The majority of persons upon reaching middle age and past find their blood becomes weak and thin, and diseases that were easily controlled in cartier life begin to affect the constitution.

Those predisposed to Scrofula, Cancer, Rheumatiam, Gout and other hereditary troubles may escape till then, but as they age the blood, so long tainted and weakened by accumulated waste matters, is no longer able to properly nourish the body, and it becomes an easy mark for disease. At this critical period of life the blood must be re-enforced before it can perform its legitimate functions and rid the system of these poisons, and nothing so surely and effectually does this as S. S.

B. B. S. atrengthens and enriches the blood, improves the appetite, and builds up the general constitu-

these poisons, and nothing so surely and effectually does this as S. S.

S. S. S. atrengthens and enriches the blood, improves the appetite, and builds up the general constitution. It is not only the best blood purifier, but the best tonic for old people. It warms the blood, tones up the nerves, removes all taint from the blood, and prevents the development of disease.

S. S. S. is the only purely vegetable blood medicine known. Not one particle of mercury, potash or other mineral poison can be found in it, and it may be taken for any length of time without harm.

S. S. S. is the only remedy that reaches deep-seated blood troubles like Scrothia, Cancer. Rheumatism. Eczena, Tetter, etc. It purifies and restores the blood to a healthy, normal condition and makes it impossible for any poisonous waste materials to accurulate.

If you have an old running sore or an obstinate ulcer that refuses to heal, or are troubled with being and a chances, try S. S. S. It never fails to make a quick and permanent curve of these pests. If your system is run down and continued.
